

Thanks to all for a great match. We had seven shooters, which included two new shooters. This time we had 5 stages, with the first one a special 60 round stage we called 'Bianchi Squared'. This stage consisted of two-six plate racks, with a required mag change prior to the last plate falling.

Thanks again to those who helped setup and take down the targets and stands. Without your help this would be difficult to run.

The next Boomstick Steel match is tentatively scheduled for August 9, 2008, at Fernan. Ryan and his family will be moving to Portland Oregon so Ryan will not be able to devote the time needed to keep this going. So, if anyone can help me out to keep the match going, please send me an email by July 18th. My email can be found here: <http://www.sppl.us/about.html>. If there is no one else to help, this will be the last match of the year.
