

Precision 100 yard Rifle Match, August 14, 2010

Thanks to one and all who came out on a hot summer day to shoot the last Precision 100 yard Rifle Match of 2010. We had 10 shooters, calm wind, and we started earlier to avoid the heat. No flies, no bee's, and a very calm morning that helped us run this match and get home long before lunch. Thanks to all who came early and stayed late that helped set up and teardown, your help is appreciated.

Precision 100 yard Rifle Match started at 8:00AM for registration, by 8:30AM we were shooting, and finished before 10:00AM as we successfully "beat the heat". Our next Match will be the Second Saturday of May in 2011 with possibly adding a 3rd event if there is enough interest, if not our 2nd 2011 Match will again be the second Saturday of August and start early like we did today.

Here are the results, with congratulations going to Ron Toulme who won both matches in 2010! Remember Ron, there is just one way to go when you are on top :-)
